# **Summary:**

I am a fourth-year Computer Science student at **Benha Faculty of Computers and AI**, with a strong focus on .**NET development.** I have hands-on experience with **C#**, **ASP.NET**, and **object-oriented programming**. I am passionate about building efficient and scalable backend solutions and continuously expanding my knowledge in the field. I am looking for opportunities to apply my skills in .NET development and contribute to innovative projects

#### **Education:**

October 2021 - Present

# Benha Faculty of Computers and Artificial Intelligence Bachelor of Computer Science

Fourth-year student, expected to graduate in 2024

**GPA: 3.05** 

## **Experience:**

NTI, Cairo \_\_ Artificial Intelligence

September 2024 – Present

Gained hands-on experience in Machine Learning and Neural Networks.

Developed a strong understanding of **Recurrent Neural Networks (RNN)** and their applications.

Explored Natural Language Processing (NLP) techniques for analyzing and processing text data.

Worked on projects applying these concepts in real-world scenarios.

## **Skills:**

.NET Development: Proficient in building web applications using ASP.NET and .NET Core.

**C# Programming**: Strong knowledge of object-oriented programming and advanced C# features.

**Database Management**: Experience with SQL Server and Entity Framework for database operations.

Web Development: Familiar with HTML, CSS, and JavaScript for front-end integration.

**Problem-Solving**: Skilled in algorithms and data structures, with experience in competitive programming.

**Machine Learning & AI**: Knowledge of machine learning, neural networks, RNN, and NLP through NTI AI training.

**Version Control**: Comfortable using Git and GitHub for version control and collaboration.
